RE-OPENING.—The Meadow Valley Brewery, at the corner of Main and Meadow Valley streets, was closed for a day or two, but was re-opened last evening, with a very superior stock of liquors, wines etc. Mr. F. Kasten, the proprietor, has exhibited a great degree of good taste in having his saloon refitted, for it is now as neat and tidy as a new pin, with a mirror in the rear of the bar which tends to amplify every object in the room, people, bar, glasses and all. A friend at our elbow suggested that even in the mind of a duly sober citizen the effect of the mirror would be to increase the pleasure to the scene of vision by the impression that he was taking two drinks instead of one. Geo. W. Hall, a polite and affable young man, does the honors to the patrons of this saloon.

NEW MAIL ROUTE.—A petition was forwarded some weeks since to the Post-office Department asking the establishment of a mail route from Pioche to Prescott, Arizona, proceeding from Pioche, via Bullionville and Meadow Valley, Wash. to Long Valley, in this county; thence to the Muddy, and crossing the Colorado at the mouth of the Rio Virgin; thence through Hualapai District to Prescott. It is earnestly hoped that the route asked for may be granted by the Department, as it will accommodate a great number of people who are now subjected to great inconvenience in consequence of a lack of mail facilities.

SALT LAKE ROUTE.—From a gentleman just arrived from Salt Lake, we learn that the travel to this point is very great, the stages not being sufficient to accommodate all who are seeking passage. A coach load or more are lying over at way stations. The road has undergone great improvement, and better coaches and horses have been obtained. In future, better time will be made, and the passengers may hope to make the trip with less difficulty. Our informant states that the road from Salt Lake to Pioche is lined with teams laden with railroad material and merchandise.

IMPROVEMENTS.—No camp of which we have any personal knowledge or which we have any information shows such signs of prosperity as Pioche. Besides several stone and brick buildings in course of erection in the business centre of the town, numerous private dwellings are being erected in locations remote from the turmoil of a busy mining camp. The superintendents of mines are also having put up commodious and substantial structures as appendages to their claims. Indeed, Pioche is alive with business, and all feel sanguine of a bright future.

PAHRANAGAT VALLEY.—This valley is in the southwest portion of Lincoln county, and though not very extensive—being about three-quarters of a mile in average width by 30 miles long—is very productive. As a potato country it is not surpassed by any other section. We are credibly informed that in favored localities the yield is as high as 600 bushels to the acre—some weighing as much as five pounds each. Corn, beans, vegetables of all kinds, also wheat and barley, yield abundantly.

We inspected yesterday at the stalls of O'Neil & Armstrong, Meadow Valley street, a fine specimen of the porcine species, being a pig ten months old and weighing 452 lbs. This animal is a native of this neck of the woods, and we refer to his proportions merely to raise a violent presumption—as the lawyers put it—that something besides silver and other metals can be obtained in this land of sagebrush and silver bricks.

The contemplated directory of business houses in Pioche, is an undertaking which bids fair to be remunerative to the projectors, M. Chase & Co., and at the same time confer a benefit upon the town, by showing to the outer world that this is one of the liveliest mining camps on the coast. Those who have not already secured a place for their cards, should do so at once.

COUNTY COMMISSIONERS.—The Board met yesterday pursuant to adjournment. Present—Messrs. McCluskey and McCannan. The bills of John Kane, Sheriff, for \$1,000 for conveying convicts to the State Prison, and P. M. O'Connor (\$4,000) for re-plastering the Court House, were allowed. Board adjourned to Saturday at the usual hour.

GUS M. CLARK, of the house of H. Keller & Co., San Francisco, agents for Lippincott's and other literary works, paid our office a visit yesterday. He has charge of the company's business in Salt Lake. Mr. Clark expects to remain in Pioche several days, and we are sure he will be able to give a good account of our camp.

TO TAXPAYERS.—Those who have not settled for their State and county taxes ought to do so at once. Saturday next is the last day on which taxes can be paid without incurring additional expense. So it will be to the interest of tax-payers to pay up at once.

FIRST SALE.—The Portland mine is quoted in our stock report for the first time this morning. The stock went up the Board yesterday, and 50 shares were sold at \$10 per share.

SHERIFF'S OFFICE.—The office of the Sheriff is removed from the Court House to Cedar street. This change of base is only temporary, pending the plastering, which will be completed soon.

THEY may all puff and blow, but if you want a good Havana cigar you can only find it at H. Michael's, Main street, opposite Meadow Valley street. no 20-1

MILLING ORE.—The Condor Mill Company advertise for 1,000 tons of milling ore, for which the highest price will be paid.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons. n16

THERE are messages at the Western Union Telegraph office for James Dooley and Wm. Haines. n14

THEATRE.—The performance at the Pioche Temple of Amusement last evening met with approbation by the many who were present. Applause greeted the ears of the performers throughout the evening and they truly deserved it. Messrs. Lorraine & Mason have used every endeavor to make their theatre a success. The singing in the first part was excellent. All jokes were of the best selection—nothing stale, which so characterizes many mountain shows. Little Maggie Knight is truly a wonder for one of her years. She sings and dances well. Our citizens have called for amusements for some time past and we would inform them that they can find a good evening's entertainment at the Theatre. Everything has been made comfortable for ladies, and all the plays are gotten up in first-class style. One of Christie's old plays wound up the entertainment last evening—"Coal Black Rose." The manner in which it was rendered shows conclusively that Messrs. Lorraine & Mason understand their business. Everybody went away satisfied and with the expressed intention of coming again.

A 49-ER.—ol. C. W. Lightner, one of our leading mining superintendents, completed his 49th year yesterday, and having come to California "in the days of '49," he is by virtue of years and residence on this coast a 49-er. He is still in the vigor of manhood, and his many friends join us in extending congratulations to the Colonel, with the hope that his days are not half gone.
